Subject: Call for Fiscal Year 2013 NSR&D Program Proposals
Date: Thursday, January 10, 2013 5:51:00 PM
Attachments: [FY13 NSR&D Proposal Template.doc](#)

Nuclear Safety Research & Development (NSR&D) Committee Members,

HS-30 requests proposals for nuclear safety research for funding in Fiscal Year 2013. Please submit proposals, as discussed below, by February 15, 2013. In order to solicit a broad range of proposals, HS-30 requests dissemination of this information as widely as possible throughout your organization.

All organizations responding to the NSR&D Program solicitation should follow the FY 2013 Proposal Instructions that can be found on the website or use the attached template. Proposals should be submitted directly to the NSR&D Program at nsrdprogram@hq.doe.gov. However, please ensure that appropriate Program Office management is aware and supportive of the research proposals. There are no limits on the number of proposals an organization can submit. This announcement, including instructions, will be posted on the NSR&D Program website at <http://www.hss.doe.gov/nuclearsafety/nsrdp.html>.

Schedule:

- Proposals Due – February 15
- The set of proposals sent to NSR&D Committee – February 19
- Short turn around for NSR&D Committee Members proposal clarification – February 25
- NSR&D Committee proposal review and ranking – March 6
- Present prioritized list to Nuclear Safety and Security Council – March (18 or 25)

If you have any questions or need additional information, please contact me.

Chris Chaves
