

ABIH

June 02, 2011

David Pegram CIH
US Dept of Energy
Heath, Safety and Security - HS31/GTN
1000 Independence Avenue SW
Washington, DC 20585

In response to your request for ABIH Certification Maintenance (CM) points, ABIH has reviewed the Activity for subject matter content and contact time. CM points are awarded as follows:

Sponsor: Dept. of Energy
Activity: Accident Investigator Training
Date: 1/1/2010 - 12/31/2011
CM Points: 6.68 Industrial Hygiene CM Points
Approval#: 10-1384

Results of your recent CM point request are as follows and will soon be available online at <http://www.abih.org/members/roster/coursesearch.cfm>:

Approved events are assigned either a new CM#, or the CM# was retained for courses unchanged from the previous year (Note: the authorized dates were changed). Granting of CM points does not imply that ABIH accredits, certifies or endorses an Activity, nor does it authorize use of the ABIH logo.

Sponsors have permission to publicize this information. Advertising your event to ABIH's Diplomates can dramatically increase its visibility and maximize your participation rates. A customized ABIH list rental allows you to reach thousands of CIHs, or smaller target audiences. Contact ABIH for additional information.

ABIH Diplomates are responsible to document proof of attendance. Where possible, Sponsors are asked to also provide proof of attendance, e.g., a completion certificate, participation letter, attendance roster, or on-site registration receipt.

For future CM point requests, please be aware that the CM Point Request Form and rules do periodically change. The latest form will be at <http://www.abih.org/general/cmrequest.html>. After January 1, 2011, we no longer honor the older forms.

This email is your official notification from ABIH; you will not receive a postal letter.
